Ring Remote Access Control Pro Features
• Sold as a bundle with Ring Intercom solution
• Smart access device that works with an existing electrical access control system that can be
        triggered via relay to grant access through your security gate
• Works with the Key by Amazon app or Ring App
• The Ring Access Controller Pro makes it easy for you to remotely unlock your gate to grant
        access to friends or Amazon delivery associates to deliver eligible packages
• Requires professional installation near a power outlet and your remote access panel
• You can also turn on the Key for Gate delivery service to allow Amazon delivery agents
        one-time access to your security gate in order to drop off packages in a secure location.

    STANDARD FINISHES: brushed bronze finish, brushed aluminum finish, black powdercoat.
